13th November 2018

Dear Parents / Carers,

E-safety is an important part of keeping children safe at Parkfield. E-safety is taught to all pupils explaining and demonstrating how to stay safe when using online platforms. Recently, there have been a number of issues regarding the use of social media outside of school. Parents should be aware of what their children are writing on the internet and what others are posting in reply. These websites are public domain, and anything posted there can be seen by anyone who has Internet access.

To promote e-safety and ensure that the children are using it appropriately, Year 6 will be participating in an internet safety talk with Mr Sears over the next two weeks. Please may we ask that you support us in making your children aware of the age regulations when using certain platforms. Please see the guidance and links below for further information:
